How to Register

Online

Visit hursttx.gov/LTS to log in to an existing account. If you don't have an account, see below on how to create one online.

In Person

You can register by completing a registration form at the Hurst Recreation Center. We accept cash, check, or credit card.

Steps to register online:

1

Go to hursttx.gov/LTS and get all the information you need about the Learn-to-Swim classes.

2

Click on the image titled "Click Here to Register." The click takes you to an **outside website**. If you need to return to the Aquatics website, click on the City of Hurst logo.

3

Click "Sign In/Register" at the very top of the page. This feature allows you to either sign in to your current account or create a new account if you do not already have one.

To register for a program online, you **MUST** have a household account. If you do not have one, you may make one online or in-person at the Hurst Recreation Center. To create an account online, please enter all required information. When you create an account online, you are **automatically designated as a non-resident**. When registering online, you must prove your residency beforehand to receive the Hurst resident rate. After registering, there is no refund or prorate of the fee(s).

Hurst Residents must provide proof of residency at the Hurst Recreation Center, such as a driver's license and current Hurst water bill or lease agreement. Upon reviewing the proof of residency information, the Recreation staff will change the designation from non-resident to resident.

4

Search for Programs and Shop

- Once you have logged in, select the program of interest from the main menu.
- Search for your specific programs by the activity code number listed throughout the Aquatics Guide in the keyword search bar.
- Next, choose the family member you would like to register. Fill in any roster notes, if needed, and "Add to Cart." Repeat for each individual family member.
- Once complete, click "Proceed to Check Out" and pay for your programs.

Please hold on to your receipts and bring them to the first day of class.

Live Drills Save Lives

Hurst participates in Vigilance Awareness Training. This training helps our guards remain alert and practice their skills during realistic scenarios. You may see lifeguard staff responding to staged scenarios during operating hours, including manikin drops or other staff members posing as Guests in Distress. You may see us activate our Emergency Action Plan and respond accordingly. Managers may announce the drill once it begins. We appreciate your understanding. If you have any questions, please direct them to the Manager on Duty. For more information, please call 817.788.7325.
