

## NOTICE OF CONSTRUCTION

February 24, 2017

In an effort to improve and upgrade the City's infrastructure, the City of Hurst will soon begin construction on Pipeline Road between Precinct Line Road and Lorean Branch Bridge. The project will consist of widening the roadway and replacing the existing asphalt pavement with 8" reinforced concrete pavement with center turn lanes and landscaped medians. Water, sewer and storm drain lines will be improved and sidewalks with pedestrian lighting will also be added. The project is estimated to require 18 months to complete.

Throughout the course of the project the contractor will make every effort to keep traffic flowing and any foreseen service disruptions kept to a minimum. However, if you experience any problems or have any concerns or questions regarding the project, please call one of the project representatives below:

<u>Project Inspector:</u>	<u>Contractor Representative:</u>	<u>After Hours or Emergency:</u>
Keith Dovers	Justin Blair	Dispatch / Central Control
City of Hurst	McClendon Const. Co.	City of Hurst
(817) 788-7083	(817) 295-0066	(817) 788-7212

The City of Hurst prides itself on the quality of life offered to the residents and it is our mission that this project will provide a safe working environment and a quality product upon its completion. If you have any questions, please contact Jim Juneau at (817) 788-7078. We thank you in advance for your cooperation.
